

Coast to Coast
Points of Care Rx Card
Your Prescription Savings Solution!

NACS has a great new benefit for NACS member companies and it's *FREE!*

The Coast to Coast Points of Care™ Rx Card is a free discount prescription card (not insurance) that saves cardholders up to 50% on individual prescriptions and 20% or more on an annual basis.

This card is available to all employees of NACS member companies. The card covers an entire family and is honored at over 42,000 national and regional pharmacies. Registration is not required by the company or employee. The employee takes the prescription card to the pharmacy and gets the prescription filled (brand name or generic are both covered).

Everyone qualifies -- there are no restrictions with the card. The Coast to Coast Points of Care™ Rx Card saves cardholders money in six categories: Discount Prescription Savings; Mail Order Prescription; Diabetes Savings Program; Hearing Savings Program; Over-the Counter Savings and Durable Medical Equipment.

- A great value-added benefit for NACS member companies to increase employee retention
- Give to full-time, part-time or retired employees that don't have a prescription plan – particularly good for new employees
- Absolutely no cost to the member company; just distribute the prescription card to your employees
