

BUNN® TITAN™

High Volume Coffee

The Titan is a high-volume brewing solution that features simple operation, precise extraction control and portable servers

- Brew up to 22.5 gallons (85.2L) for the Single or 34 gallons (128.7L) for the Dual of perfect coffee per hour.
- Coffee extraction controlled with pre-infusion and pulse brew, digital temperature control, and large sprayhead; coffee strength controlled with variable by-pass.
- BrewMETER™ allows automatic programming of pulse routine.
- SplashGard® funnel and funnel locks.
- Funnel has 28 ounce (.8kg) ground coffee capacity and paper filter retainers to eliminate fold-over.
- Titan 3 gal. (12L) TF servers are insulated to keep coffee hot for hours.
- Energy-saver mode reduces tank temperature during idle periods.
